ILLUSTRATIVE TEMPLATE - UNFILLED

Drawing register template

An unfilled format for tracking drawing references, revisions and review status.

Project / order reference: [Not assigned]

Document owner and release authority: [To be defined]

Drawing reference	Title / purpose	Revision	Review status	Approval reference
[Reference]	[Drawing title]	[Revision]	Awaiting review	Not recorded
[Reference]	[Drawing title]	[Revision]	Awaiting review	Not recorded

Illustrative template only. No actual project, engineering approval or manufacturing release is represented. The order and approved drawing revision establish the release basis.

Use the released revision

Record the approved drawing reference with the order. Review proposed changes before manufacturing release and retain the superseded revision history.
